

Enfield Stands Together with You!

The council as well as the Voluntary and Community Sector remains committed to supporting you through your Covid related challenges. Please take a look at the range of support we currently offer and either help yourself or contact us if you cannot.

Remember the following:

- Observe social distancing guidance, wash your hands and wear a face covering if you can.
- If you are feeling unwell, please get tested quickly as this could save your life.
- Please isolate yourself if you test positive, so you don't infect others.
- Please be vaccinated, as medical science has proved that this increases your chances of surviving if infected.
- Don't struggle alone; contact your family, neighbours, friends or Enfield Council and its partners if you need help, as indicated on this page.

We are all in this together!

Do you need access to food whilst Isolating or supporting others?

We are here to help. Visit our [Help with food page](#) for assistance.

or call 02083791000

Are you in financial hardship or out of work because of isolation? Or is your business in distress?

Don't worry, we can help with that.

Please call 02083791000

Are you lonely whilst isolating, elderly or disabled without support and struggling to cope on your own?

Please let us share the burden by immediately calling

Please call 02083791000

We can also help with other Covid related challenges, such as these.

You only need to call us on 02083791000
